

Book of the Month List

The book of the month list is linked to a significant celebration or festival occurring that month. It is not the only book the children will enjoy as we always follow the children's interests but we like to have a reading focus linked to a festival or celebration where we can really extend the children's learning and development to cover lots of different areas of our Early Years Foundation stage curriculum.

Ask your nursery manager for a song sheet that links to this months book too.

	Yellow & Red Room	Celebration linked to	Blue & Green Room	Celebration linked to
